

### COMPARABLE PRICE LIST OF USING VARIOUS ROAMING METHODS.

1. Prices for CelTrek, United Mobile, Cingular and T-Mobile from respective web sites between Nov. 06 and Mar. 07. TravelSIM's from a U.S. dealer's site, Acetelecom. N.G.'s taken from web site of Cellular Abroad.
2. Bear in mind that CelTrek has local U.S. numbers. The other three intl. SIMS require calling an intl. number, thus -
3. Added 35¢ to TravelSIM price to obtain "REAL COST". That is average price to call an Estonian mobile from U.S.
4. Added 30¢ to United Mobile's incoming price to cover average price of call to a Lichtenstein Mobile from U.S..
5. Don't forget to factor in the fact United Mobile charges a 30¢ connection surcharge on each outgoing call.
6. Cost for calling most "first world" countries should be the same as calling U.S.
7. Cingular and T-Mobile charge the same price for incoming calls, calls within the country, and calls back to U.S.
8. Cingular has 2 rate tiers. A "standard" rate and a lower rate for paying a \$ 5/mo. surcharge. Both rates are shown.
9. Billing increments: CelTrek - 60/30 (a few countries are 60/60); TravelSIM and N.G.- unknown, United Mobile - 60/60
10. All international carriers and CelTrek have free incoming SMS. Cingular and T-M have varying rates and several plans.
11. Charges for outgoing SMS are: United Mobile and N.G. - 60¢ world wide, TravelSIM - 40¢ world wide. CelTrek's SMS outgoing rates vary by country. Most seem to be 29 to 39 cents, a few run 40 to 65. U.S. carrier's rates vary widely.
12. A few SIM card purveyors are keyed to Isle of Man cell system, serving 95 countries. Rates vary. The last column has rates for one of these cards branded "National Geographic - Talk Abroad". [referred to as "N.G."]
13. Last column rates given in Incoming/Outgoing format. "F" = Free. Rate structure for some countries seems strange - so accuracy may be in doubt. Factor in the approx. 24¢/min to call a Man mobile. Rates to Isle of Man are due to increase.
